

SCHOOL TO STAGE CREATIVE ARTS PRESENTS

CITIPOINTE SPEECH AND DRAMA PROGRAM

Extra-Curricular Speech and Drama lessons are offered for both Primary and Secondary students, starting from Grade 1.

Speech and Drama lessons are a great way to develop not only acting and performance skills, but also confidence in public speaking, problem solving, team work, creative thinking, initiative, motivation, improvisation, and good work ethic.

Primary School Program: Speech and Drama

Through games, exercises, and performance opportunities, students learn valuable creative skills, including character interpretation through movement and voice, dialogue delivery, audition etiquette, scripting and line learning, mime, poetry recitation, and of course being part of a show.

Secondary School Program: Acting Essentials

Students begin to take on more responsibility when it comes to the creation of scene work from script writing and character development right through to costuming and stage choices. At this higher level, the program hones in on essential acting skills for the professional performer. It provides insight and experience that will be highly valuable in the creative industries and indeed anywhere that confident communication skills and outside-the-box thinking are required.
